EDUCATION

University of Massachusetts Boston

Boston, MA

Bachelor of Science in Computer Science | GPA: 3.3

Expected May 2027

- Relevant Coursework: Advanced Data Structures & Algorithms, Computer Architecture & Organization, Compilers, Operating Systems, Discrete Mathematics, Linear Algebra
- Honors & Programs: TRIO Student Support Services; Undergraduate Leadership Council (SEAS)

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, TypeScript, C, C++, C#, HTML/CSS

Frameworks & Tools: Next.js, React, Node.js, Git/GitHub, Vercel, VS Code, Xcode, Claude Code

Design & Media: Canva, DaVinci Resolve, Adobe Creative Suite (basic), Notion, Obsidian

Spoken Languages: English (fluent), Vietnamese (native)

PROJECTS

Class Attendance App

Next.js · React · libSQL / Turso · Vercel

- Built a QR-based classroom attendance web app where students check in by scanning a rotating code, with a dashboard that automatically marks each student Present, Tardy, or Absent based on their check-in time.
- Added support for multiple class sections, live attendance tracking with manual overrides, and one-click roster and attendance exports to CSV and Excel.
- Deployed to Vercel backed by a hosted Turso database, with an automatic local SQLite fallback for development.

SSS Web — Student Support Services Microsite

Next.js · React · TypeScript · Tailwind CSS

- Developed a responsive, data-driven microsite where all content — services, staff, office hours, and FAQs — lives in typed configuration files, letting non-developers update the site without touching code.
- Built with semantic, accessible HTML (landmarks, skip links, keyboard-friendly components) and a custom, reusable design system.

PROFESSIONAL EXPERIENCE

Pathways & Multilingual Programs (PMP) and Student Success Programs (SSS)

Boston, MA

Social Media & Event Coordinator

January 2025 – Present

- Lead content strategy for SSS Instagram, producing weekly posts and stories that grew engagement among target student populations across PMP, ELP, and ISAP programs.
- Analyze Instagram insights weekly to identify top-performing content formats, refining strategy to increase reach and follower retention.
- Design flyers, postcards, and digital assets in Canva for 10+ campus events per semester, coordinating with program coordinators on messaging and visual identity.
- Plan and execute on-site logistics for student events serving the SSS, ELP, and ISAP communities.

Directions for Student Potential (DSP)

Boston, MA

Social Media & Event Coordinator

June 2025 – July 2025

- Produced and distributed promotional flyers across digital and physical channels to drive program attendance during the summer cohort.
- Managed event-day logistics including inventory, A/V setup, and on-site participant communication.

- Captured event photography and short-form content used in post-event recaps and recruitment for the following cycle.

Student Success Programs (SSS)

Boston, MA

Administrative Assistant

November 2023 – February 2025

- Triageed 20+ weekly student inquiries, connecting students with academic advisors and campus resources based on individual needs.
- Built a streamlined intake and routing process that reduced response time and improved communication between students, staff, and faculty.
- Maintained working knowledge of campus-wide resources to deliver accurate, timely referrals across academic, financial, and personal support areas.

Student Success Programs (SSS)

Boston, MA

Peer Mentor

September 2024 – December 2024

- Mentored incoming first-year students on navigating coursework, campus resources, and college-level study habits through one-on-one sessions.
- Led targeted communication coaching to help mentees build public speaking and self-advocacy skills for academic and professional settings.
- Completed structured mentor training workshops to strengthen support practices and reflect on mentoring outcomes.
